

- Rear '3 point linkage' mounting.
- Powerful PTO drive.
- Manual angling – left or right.
- Adjustable castors.
- Robust steel construction.
- Parking stand.
- Choice of brush bristle.
- Designed for compact tractors.

A versatile rear mounted sweeping unit, designed primarily for the compact tractor market. This '3 point linkage' sweeper combines powerful PTO drive and manual angling, with easy brush adjustment to produce an efficient cost effective sweeping solution. The unit has an integrated parking stand for storage and servicing when not in use.
